Subject: Payments to Member States - refugee crisis

Which financial instruments (including special measures and humanitarian aid, along with any other sources of funding) can Member States use for asylum-seekers, the integration of immigrants, border management, legal and illegal migration, and crime prevention, that is to say, in addition to the Asylum, Migration and Integration Fund (AMIF), the Borders and Visa Instrument (ISF Borders and Visa), and the Police Cooperation and Crisis Management Instrument (ISF Police)?

What amounts of appropriations have been allocated to date, and what amounts paid out, to each Member State out of all the financial instruments (and other sources of funding) available in the period from 2014 to 2020, and how much has been paid to non-member countries? (Please supply a table showing the amounts allocated and paid out for each country, broken down by financial instrument.)
