

**Question for written answer E-014848/2015
to the Commission
Rule 130
Marlene Mizzi (S&D)**

Subject: Intersex people

Intersex people experience fundamental rights violations ranging from discrimination to medical interventions without their consent.

Can the Commission elaborate on what the EU is doing to improve in informing legal and medical professionals of the fundamental rights of intersex people?

What steps is the Commission taking to prevent non-consensual 'sex-normalising' medical treatment on intersex people?
