

**Question for written answer E-014874/2015
to the Commission**

Rule 130

Jasenko Selimovic (ALDE)

Subject: Analysis of financial assistance for Greece

Since May 2010 Greece has received one financial assistance package after another from eurozone countries and the IMF, and on 14 August 2015 a new political agreement was concluded on further assistance for Greece to the tune of EUR 86 billion for 2015-2018. At the same time we have heard reports of mismanagement and a lack of political will in the country.

When will the Commission bring forward the analysis it has put together on whether the funding Greece has received really is being used as intended, and in the best way?

And when will that analysis and the conclusions drawn from it be passed on to the European Parliament?
