Subject: 10th WTO Ministerial Conference and farming

The 10th WTO Ministerial Conference will be held from 15 to 18 December in Kenya. Given that these negotiations entail great risks for farmers, rural communities and the future of food:

1. What proposals concerning farming and tariff quotas does the Commission intend to make in these negotiations?
2. Can the Commission say what are the 'non-tariff barriers' that will be covered in these negotiations?
3. What issues deemed unrelated to trade will be addressed in the negotiations?
