

**Question for written answer E-015344/2015
to the Commission**

Rule 130

Bronis Ropé (Verts/ALE)

Subject: Structural Fund resources recovered by the Commission due to errors made by project promoters and appropriations managers

Could the Commission please provide information as to the amount of Structural Fund resources allocated to Member States that it recovered while implementing the EU Structural Funds for the period 2007 to 2013 for reasons such as errors or inaccuracies made by the Member States' project promoters and appropriations managers? Could it please specify the total amount and the percentage of the total amount allocated to funding the Structural Funds?

Please provide data broken down by Member State, individual fund and year.

Furthermore, could it please list separately the types of errors made by Lithuanian project promoters and appropriations managers, and could it indicate for each of these the amount of Structural Fund resources earmarked for implementation in Lithuania that was recovered by the EU institutions?
