

**Question for written answer E-009819/2015/rev.1
to the Commission**
Rule 130
Werner Kuhn (PPE)

Subject: Regulation (EU) No 508/2014

Article 3(5) gives the definition of a 'fisheries and aquaculture area'. How should 'a significant level of employment' be understood, and what are the boundaries? Is, for instance, 0.1% of the population of a fisheries area sufficient if this percentage is directly employed in fishing or aquaculture?
