Subject: Compliance in Spain with EU Directive 2012/27/EU on energy efficiency

On 21 October 2015, the Commission called on Spain to transpose in full EU Directive 2012/27/EU on energy efficiency and forwarded a reasoned opinion to which Spain must reply within two months.

1. Since the said two-month period ends on 21 December, could the Commission confirm whether Spain has replied to the reasoned opinion?
2. If so, is the Commission satisfied with its reply?
3. If Spain has not replied, what measures is the Commission planning to take, bearing in mind it warned Spain that it can impose economic sanctions and even bring it before the Court of Justice of the European Union?
