

**Question for written answer E-015343/2015
to the Commission**

Rule 130

Zigmantas Balčytis (S&D)

Subject: Commission examination of the minimum wage for road transport carriers established in Germany

On 8 January 2015, I submitted a question on the application of the EUR 8.5 minimum hourly wage set by Germany both in respect of companies based in Germany, and in respect of foreign carriers providing transport services on German territory.

In her response, the Commissioner assured me that an examination was being held and that Parliament would be informed of its outcome.

Has the Commission completed its examination, and when will its outcome be announced?
