to the Commission**

Rule 130

Francisco José Millán Mon (PPE)

Subject: Eco-labelling at EU level

Article 36 of Regulation (EU) No 1379/2013 on the common organisation of the markets in fishery and aquaculture products stipulates that 'after consulting Member States and stakeholders, the Commission shall, by 1 January 2015, submit to the European Parliament and to the Council a feasibility report on options for an eco-label scheme for fishery and aquaculture products, in particular on establishing such a scheme on a Union-wide basis and on setting minimum requirements for the use by Member States of a Union eco-label'.

The public consultation carried out by the Commission as a contribution to its drafting of this feasibility report closed on 31 July 2015.

Can the Commission say when it plans to submit this report to Parliament and the Council?
