

**Question for written answer E-015160/2015
to the Commission**

Rule 130

Martina Anderson (GUE/NGL)

Subject: Roaming charges

Can the Commission clarify the definition of 'permanent roaming', as cited in the recently confirmed deal to ban surcharges for making mobile phone calls, sending text messages or using mobile internet while in another EU country?

Can it also outline the roaming costs for users exceeding 'fair usage' caps?
