

**Question for written answer E-014950/2015
to the Commission**

Rule 130

Dominique Bilde (ENF) and Sophie Montel (ENF)

Subject: Adueis

The Silabe-Adueis (Simian Laboratory Europe - association for developing university-business links in the health industries) association, which runs the Niederhausbergen primatology centre in Alsace, France, submitted an application for the expansion of the centre in February 2013. That application was subsequently granted, in breach of Directive 2010/63/EU on the protection of animals used for scientific purposes.

Can the Commission say whether the Adueis association, based at 4 rue Blaise Pascal, 67000 Strasbourg, has received any funding from the EU?
