Subject: Programme for the most deprived persons

The programme concerning the most deprived persons was reviewed last year. Now, in addition to food, clothing and personal hygiene products can also be provided through this programme.

1. Does the Commission have any data on how the new programme has been implemented in the Member States?
2. Can the Commission provide data on how this aid is distributed, through local authorities or non-governmental organisations (NGOs)?
3. Is there a list of NGOs or charitable organisations that have been involved in the distribution of food and other products to the most deprived persons?
