Subject: Impact on Europe and the outermost regions of the Trans-Pacific Partnership

The Trans-Pacific Partnership, an agreement between the United States and a dozen Pacific countries, was signed recently, with negotiations in progress on a trade treaty between the European Union and the United States – the Transatlantic Trade and Investment Partnership (TTIP).

1. Could the Commission state what impact the conclusion of the Trans-Pacific Partnership is having on the TTIP negotiations?
2. Does the Commission think the Trans-Pacific Partnership will have an impact on Europe other than in the context of those negotiations?
3. Does the Commission think the Trans-Pacific Partnership could have an impact on the outermost regions?
