

**Question for written answer E-014761/2015  
to the Commission**

Rule 130

**James Nicholson (ECR) and Daniel Dalton (ECR)**

Subject: Tyre-pressure monitoring systems

Is the Commission preparing a review of Regulation (EC) No 661/2009 of the European Parliament and of the Council of 13 July 2009 concerning type-approval requirements for the general safety of motor vehicles, their trailers and systems, components and separate technical units intended therefor?

If so, when does it intend to publish the review?

Does it intend to update standards on TPMS (tyre-pressure monitoring system) performance requirements?
