to the Commission**
Rule 130
Gabriel Mato (PPE)

Subject: Waste shipment inspections

Waste shipments between Member States and third countries continue to present problems, many of which are related to inspections of those shipments.

In Parliament, we have worked alongside the Commission to make improvements to inspection plans, with a view to ensuring that everything goes smoothly in this area and to preventing illegal shipments.

1. What steps has the Commission taken to improve waste shipment inspections?
2. What have been the results of those steps?
