Francisco José Millán Mon (PPE)

Subject: VP/HR - E-010799/2014 - follow-up question

In the answer to written question E-010799/2014, Vice-President Mogherini stated that the Commission had 'included in its 2014 Annual Action Programme of the Partnership Instrument an initiative to promote broader transatlantic cooperation, including the African and South American rims of the Atlantic Ocean', with a budget of EUR 1 million and covering five fields of activity. It was also stated that the initiative would build on a series of workshops leading up to a high-level conference.

At the same time, the Commission (DG RTD) has launched, under the Seventh Framework Programme, the 'Atlantic Future' research project.

Can the Vice-President/High Representative indicate the extent to which this initiative under the 2014 Annual Action Programme of the Partnership Instrument has been implemented and what measures have been planned?
